PROFILE

Experienced Flutter Developer with a passion for crafting seamless mobile experiences. Leveraging one year of hands-on project experience, particularly focused on Freshares applications. Proficient in developing and implementing robust Flutter solutions, adept at translating design concepts into efficient, user-friendly interfaces. Dedicated to staying abreast of emerging technologies and best practices in mobile development. Ready to contribute expertise to innovative projects and drive impactful results in the realm of Flutter development.

WORK EXPERIENCE

E-Commerce Platform with Live Streaming Functionality   2024

- Developed and integrated a live streaming feature into an existing e-commerce platform to enhance user engagement and enable real-time interactions between influencers and customers.

- Designed and implemented a responsive UI/UX using Flutter, ensuring a seamless user experience across various devices.

- Integrated RESTful APIs for user authentication, product management, and order processing.

- Collaborated with the product team to gather and analyze requirements for the live streaming feature.

- Integrated APIs for starting, joining, and managing live streams, leveraging the zego_uikit_prebuilt_live_streaming package.

- Developed intuitive UI components for live streams, participant lists, and real-time interactions.

Mira Monet – A Marketplace for Artists   2025

- Designed, developed, and launched Mira Monet, a dual-platform mobile application for artists and users to upload, showcase, and sell artwork effortlessly.

- Implemented a secure and user-friendly marketplace, allowing artists to monetize their work through direct sales, private sales, and real-time interactions.

- Integrated an in-app chat system to facilitate seamless inquiries and communication between buyers and artists.

- Ensured cross-platform compatibility, successfully deploying the app on both the App Store and Play Store with optimized performance.

- Created an engaging UI/UX with high-quality visuals, smooth navigation, and interactive features to enhance user experience.
